

LeMatic

Cooler to the door

Bulk Packer LS3

LeMatic's legendary Bulk Packer has set the standard for fast and dependable bulk packaging. But not everyone needs the capability to process over 1000 buns a minute! That's why we designed the new LS3. Perfect for small to mid-size bakeries, it has the quality you expect from LeMatic at an attractive cost.

FEATURES

- Product control wheels, product regrouper, and package vacuum system assure a consistent and tight package
- Advanced timing and control functions are available to service or maintenance personnel via password-protected control software
- Removable sealing bar assembly for ease of maintenance
- Timing belt drive system
- Design emphasizes safety and reliability, straight forward operation and complete accessibility for maintenance and sanitation

Designed to perform. Backed by experience.

Bulk Packer LS3

With a smaller footprint and lower cost, the LS3 is a game changer for the small to medium sized business.
